Supplement to Petition to Revive an Unintentionally Abandoned Application

While applicant's representative believed he was complying with the requirement to properly file a Recission of Previous Non-publication Request, applicant's representative unintentionally used an older version of form PTO/SB/36 that did include the words: "if applicable, Notice of Foreign Filing". Consequently, we are uncertain of the status of the US application. A current version of the form is included with this transmission. This duplicate Recission of Previous Non-publication Request is being submitted if, in the opinion of the Patent Office, the application was considered abandoned for failure to specifically note the foreign filing.

Sincerely,

Albert W. Watkins
